RÉSUMÉ SUMMARY STATEMENT

I am a hard working, motivated and enterprising student who is very practical and curious. I am versatile leader who can adapt to a wide range of situations. My personal drive means that I am proactive, experienced and dependable. I have a proven ability to work as part of diverse teams, both as a leader and a follower and I relish new challenges inside and outside of the workplace. I constantly push myself to be the best I can be, and can work using my own initiative with minimal supervision. My personal passion is studying and developing efficient and lightweight operating systems allowing me to hone my technical skills.
